

GUNS & DOMESTIC VIOLENCE ARE A **DEADLY** COMBINATION.

- A gun in the home raises the risk of homicide for women by **500%**.
- **600+** American women are shot to death by intimate partners every year.
- **25%** of last year's homicides in DC were related to domestic violence. That number is rising.

POWER IN KNOWLEDGE. PROTECTION IN ACTION. **JUSTICE** FOR SURVIVORS.

KNOW THE LAW

When a temporary civil protection order is issued, **the abuser is required to give up any guns in their possession within 24 hours**. As part of a final civil protection order, the court can order an abuser to turn in their guns until the final order expires.

SPREAD THE WORD

Domestic violence and guns are a lethal combination. If you or someone you know is experiencing domestic violence and the abuser has access to guns, **there are options**.

ASSERT YOUR RIGHTS

As part of a civil protection order case, the court can order your abuser to submit proof that they have turned in their guns, but this is not automatic. **You have the right to ask the court to order proof and to follow up until it happens**.
